National University of
Uzbekistan

The objective of student community service in educational system in Uzbekistan

- “Community service” is defined as programmes linked to higher education that involves participants in activities to deliver social benefits, teach the participants to work jointly towards achieving the common goal.

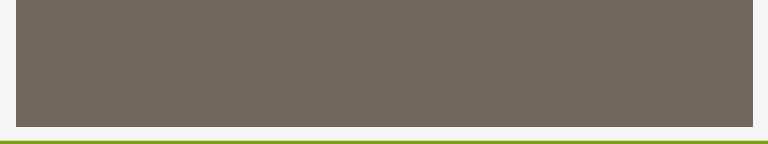

- - Uzbekistan educational institutions encourage students' extra-curricular activities.
 - Community service activities are good for students before they start their career after graduation.
 - There are many researches revealed that the students' extra-curricular activities does contribute the students.

“Kamolot” Youth Social Movement

-

- 12 Regions
- 12 Unions of Youth Uzbekistan
- Branches in cities, universities and school
- Leaders for each branches and also institutions

Uzbekistan Youth Union

- It plays an important role in terms of students' extra-curricular activities.
- The Union of Youth of Uzbekistan is the institution of a healthy, spiritually mature and intellectually developed, self-centered young generation aimed at protecting youth from harmful effects and “mass media”

- Today, the population of the youth is more than 60 %.
- 30th of June is announced to celebrate as the Day of Youth in Uzbekistan.
- The first priority is carrying out professional activities under the motto “Youth is the builder of the future”;
- The second, the protection of the rights, freedom and interests of the youth

- The third, increasing the activity of young people to build democratic state and the expansion of the enterprising, energetic youth.
- The fourth is about promoting intellectual and creative potential;
- The fifth, culture of using information and communication technologies, the formation of young people's solid immunity against various ideological threats; such as, religious extremism and terrorism.

- The sixth, effective actions on prevention of early marriages and divorces of young families.

- The seventh, the involvement of young people in sports, various training courses, including the study of foreign languages.

- The eighth, the organization of targeted work to provide material and moral support to young families, young people with disabilities and create social conditions for them
- The ninth, participation in prevention of youth crime.
- The tenth, participation in the reforms carried out in Uzbekistan.
- The eleventh, international cooperation in the field of youth policy, protection of the rights of receiving education and working in foreign countries.

Dance clubs as extra curricular activities

-

- Another one is volunteer service program.
- It is an extra-curricular activity carried outside tuition time.
- No academic credit is provided for that program.

- Another one is work-study program involve students in tasks and activities and it requires greater expertise and experience (administrative, teaching, library, and technical activities).
- Today, the students are allowed to work as teachers at kindergartens and schools from their 3rd year of the University study officially.

Presidential Elelction Day in Uzbekistan
24th of October, 2021

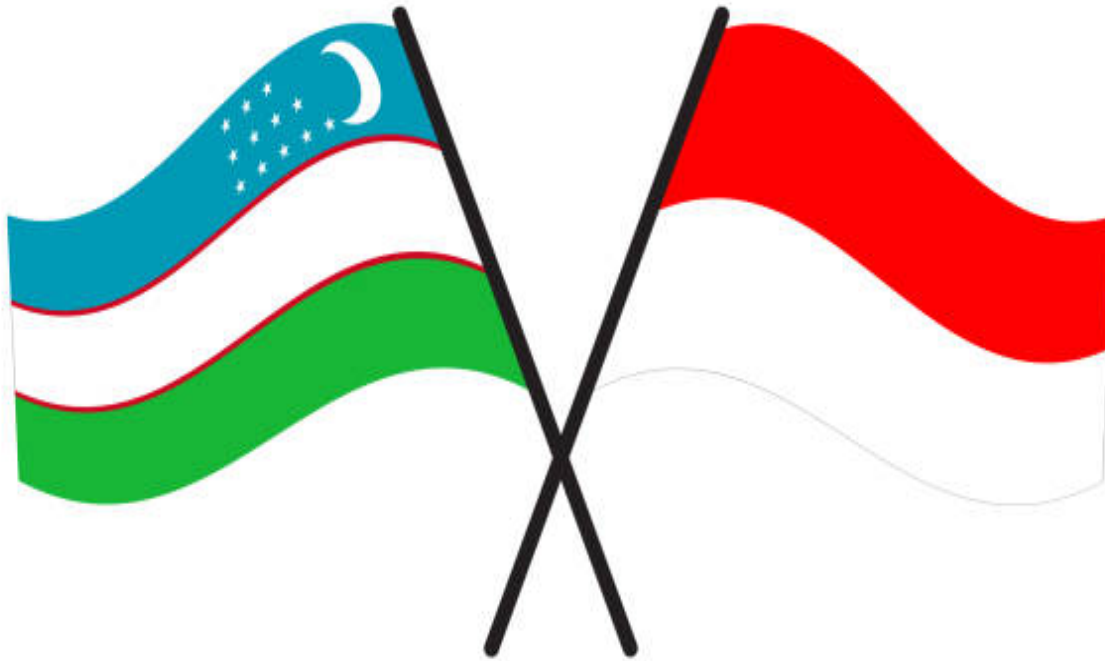

Youth volunteering activity with guests from
foreign countries

Students activities in Presidential election day

- Having passion and interest to do something is very important, especially in activities like volunteering which does not give material rewards in return.
- Our students are really interested and motivated to get involved in community activities.
- They stated that they gained socialization, experience and knowledge.
- By engaging with the society, the students will be more aware of the needs of the society and could contribute a better role in the community.

UZBEKISTAN AND INDONESIA

Thank You!
